KEWAUNEE COUNTY

LABOR MARKET TRENDS

Kewaunee County...

has a higher than average percentage of workers employed in the manufacturing sector than the State of Wisconsin. Just over 29 percent of the workers are employed in this sector, compared to less than 20 percent for the State of Wisconsin and just under 14 percent for the U. S. Employment growth in this sector grew modestly during the 1990's,. This has changed during the last several years, and employment has decreased. Employment in the other industry sectors in the county are fairly evenly divided giving the county good diversity in the economic base.

Nearly 47 percent of the workers in the county leave and work elsewhere, primarily Brown County. They are replaced by 1,800 workers that commute into the county for work for a net loss of 2,900 workers.

Employment by Industry in Kewaunee County: 2002

The annual average wage in 2002 for employers in the major industry sectors was: \$31,642 in manufacturing, \$36,062 in business and professional services, and \$33,789 in trade, transportation and utilities. The annual average wage for all workers was \$27,789. This was 85.7 percent of the average wage of \$32,422 for all workers in the state.
